

# What is tenant insurance and why do I need it?

To put it simply, tenant insurance is designed to protect renters in the event of an accident in their home. Here are a few reasons to purchase coverage!

## You own more than you think.

In addition to high-ticket items, like computers, TVs, and cellphones, it's important to consider items like clothes, bikes, personal mementos, heating and cooling units, vacuums, and cooking equipment.

With tenant insurance, you're covered in the event that items in your home are damaged, lost, or stolen.

## It costs less than a coffee a day.

Rest easy knowing you and your family can enjoy coverage for less per day than the cost of your morning frappuccino!

## Additional coverages keep you protected.

Whether you need to replace items in your home or stay somewhere else as a result of damage, tenant insurance has you covered!

Duuo's making it easier than ever to purchase tenant insurance. With policies starting at just **\$12 a month**, Canadian renters can enjoy the peace of mind that comes with knowing they're covered.
