

OHA Vendor Checklist

Make sure you and other event-goers are safe this season with Duuo's Vendor Checklist.

Check off each of these items during stand set-up to prevent common accidents from occurring!

- Survey your stand to ensure tripping hazards are out of the way
- If planning a demonstration, make sure there is sufficient space and barriers to prevent spectators from getting too close
- Keep a written log of stand inspection and cleaning throughout the day to keep a slip-free space
- Stack accordingly - make sure customers will be able to safely grab your products
- Ensure any fragile or breakable items are out of reach from event-goers
- Check your produce - make sure no items are expired, store items at the correct temperature
